

# From Insights to Implementation

Join us on 10 June, Brussels  
8:30 - 17:00 CEST

## DECIDE: Control and prioritisation of endemic contagious animal diseases

**Location** [University Foundation](#)  
Rue d'Egmont 11, 1000 Brussels, Belgium

**Description** The event will gather various stakeholders (researchers, veterinarians, industry representatives and policymakers) to reflect on project outcomes and future pathways for the uptake of DECIDE tools, including a panel discussion on **“From Insights to Implementation”**. It aims to bring representatives from EU institutions, industry and end users together to discuss in an interactive way how data-driven tools for decision-making can be translated into practice across countries.
